

Hope Pregnancy Center is blessed to serve our clients by making material resources available through our incentive program. This program's goal of "gathering treasures; meeting needs" is made possible through donations from generous supporters. Along with providing infant starter baskets, baby showers, and maternity clothing for clients, we offer Josephine's Closet, our on-site clothing closet. This clean and well organized shop is an option for clients to "purchase" diapers, formula, clothing, and other baby items with points they accumulate through the center's Earn As You Learn and Mom2Mom mentoring programs.

In order to keep these opportunities available, we are always accepting donations. All donations must be clean, with no stains, rips, or tears, and in working condition. As you consider donating please use the following guidelines:
